JSW MG Motor India Private Limited

Information Security Policy

Policy Statement

JSW MG Motor India aims to achieve the Information Security vision by implementing Information Security Management System (ISMS).

Information is an important business asset of significant value to the company and needs to be protected from threats that could potentially disrupt confidentiality, integrity, availability, and its privacy.

Information and information processing resources of JSW MGI shall be maintained in a manner that ensures information access on a need to know and need to access basis as well as protect it from unauthorized or improper use.

JSW MGI shall be responsible for protecting data and the systems that store and process it against cyber-attacks that could result in unauthorized access to and disclosure of that data. This is intended to be achieved by continually improving our performance, systems, processes, and Information Security.

Scope

This document applies to all information assets (like business-related records, customer or employee data, policies & procedures, contracts, etc.), underlying it (including but not limited to applications, databases, computer systems, communications networks, peripheral devices etc.) and information processing facilities used by the JSW MGI.

Objectives

To maintain confidentiality, integrity and availability of the information and information systems. To ensure that information and information systems are adequately and consistently protected from damage, inappropriate alteration, virus, loss and unauthorized use or access. The level of protection shall be adequate with the sensitivity and criticality of information.

To meet information security-related legal, regulatory and statutory requirements about information collection, storage, processing, transmission and disclosure that apply to JSW MGI.

To continually monitor, review, report exceptions and take actions thereon for improving the effectiveness of the Information Security Management Systems.

01 October 2025

Anurag Mehrotra
Managing Director
